Dear Parent / Carer,

The **BBFC** have awarded Squid Game a **15 rating** in the UK for “sexual violence references, injury detail, crude humour, sex, suicide, sexual images, violence”.

Unlike the 12a rating which allows younger viewers to play provided they are with a parent or other guardian, the 15 rating states that the material is “suitable only for 15 years and over” with no concession for accompanying adults.

On Roblox the age rating of Squid games is 12+.

We are urging all parents to not allow their children under these ages to play or watch Squid games.

Thank you for your assistance in this matter.

Kind regards,

Hamstel Infant School & Nursery
